

Get started with ClickView

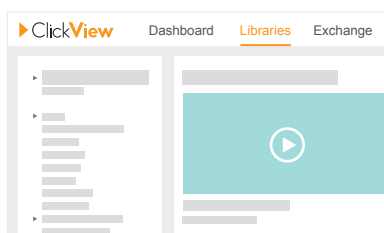

1 Log in to ClickView.

Open your web browser, go to online.clickview.co.uk and log in using your existing ClickView credentials.

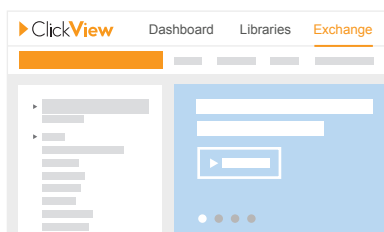

2 See our latest and most popular videos, and easily search for videos using Albert on the Dashboard.

View all our featured videos in one convenient location, or find the perfect video for your classroom by searching via levels or requirements.

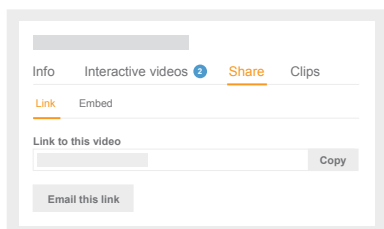

3 Browse and search titles in Libraries.

Within *Libraries*, you can find the videos in categories on the left side of the page or by typing keywords into the search bar.

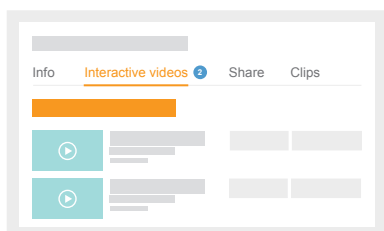

4 Find Freeview TV programmes on the Exchange.

Find the best educational TV programmes uploaded by our community of educators in the Exchange.

5 Share videos with your students.

Once you have found a video you wish to share, click on the *Share* tab, then copy and paste either the *Link* or *Embed* link to share with your students, or embed into your school or college's VLE or website.

6 Create an interactive video.

Simply find the video you wish to use and underneath the *Interactive video* tab, and click *Create an interactive video*.
