

## Installing the ClickView Plugin for Canvas

The ClickView Plugin for Canvas enables you to quickly and safely browse through your entire ClickView library, the ClickView Exchange and your own personal Workspace from within Canvas, making it easy to embed educational videos directly into your pages and share them with your students.

- 1 To install the ClickView plugin for Canvas, first access the course or account you wish to install the plugin into.

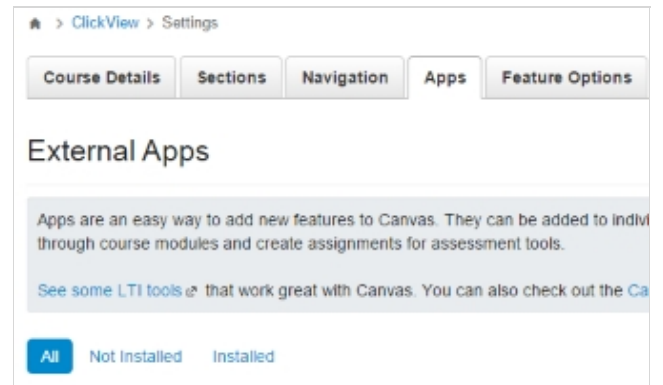

- 2 Select 'Settings' from the menu on the left-hand side of the page.

3

Select the 'Apps' tab within 'Settings'.

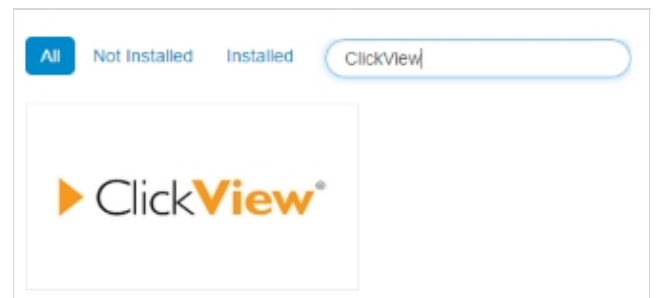

4

Scroll down the list of apps until you see the ClickView logo and select it.

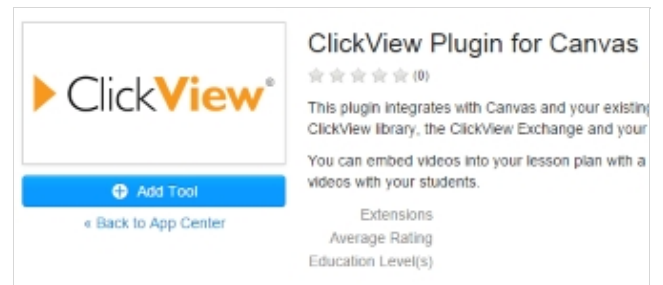

5

Alternatively, you may type 'ClickView' into the search bar on the top right.

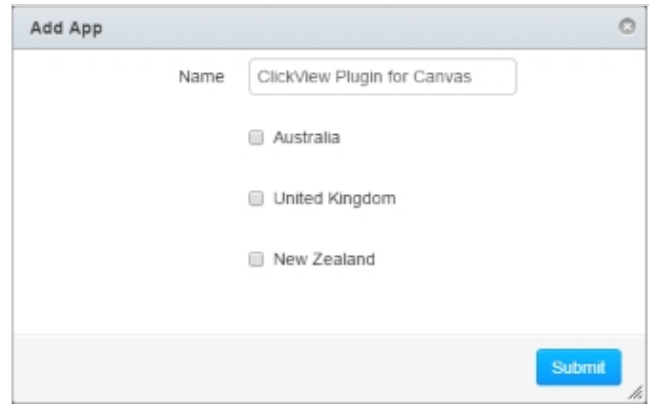

6

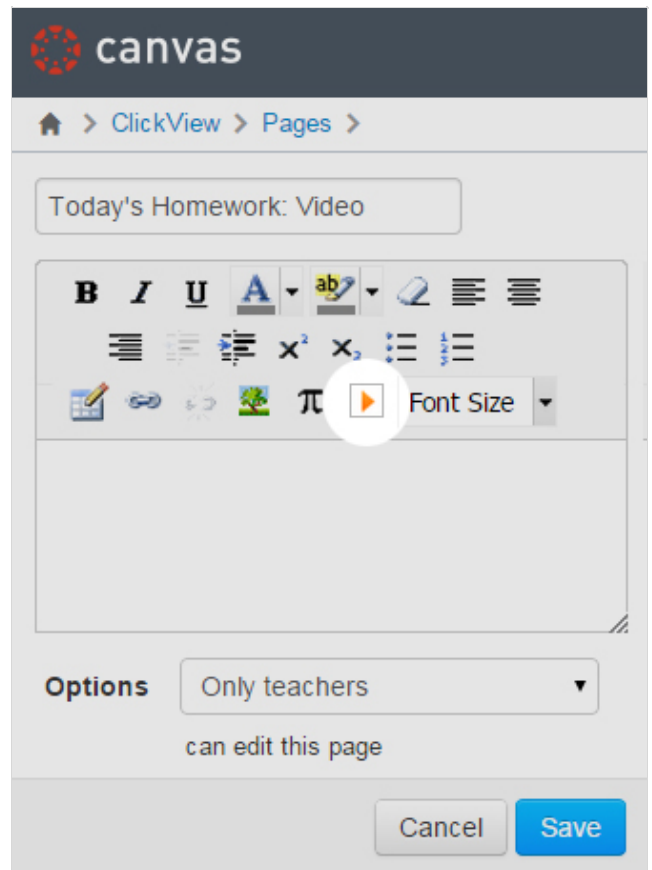

Click on 'Add tool' to add the ClickView Plugin for Canvas to your course.

7 Select an appropriate region and click submit.

8 You will now be able to see the ClickView icon in your text editor.
