

Installing the ClickView Plugin for Firefly

The ClickView Plugin for Firefly enables you to quickly and safely browse through your entire ClickView library, the ClickView Exchange and your own personal Workspace from within Firefly, making it easy to embed educational videos directly into your pages and share them with your students.

1 To install the ClickView plugin for Firefly, first download it.

ClickView plugin for Firefly

This plugin integrates with the Firefly Learning Platform and your existing Single Sign On system so that you can quickly browse through your entire ClickView library, the ClickView Exchange and your personal Workspace from within your VLE.

You can embed videos into your lesson plan with one click and use the fully featured ClickView Web Player to share educational videos with your students.

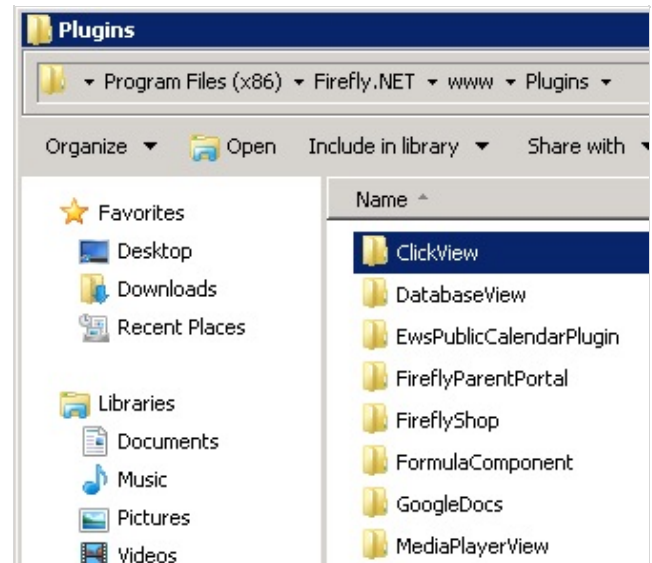

Download the ClickView plugin for Firefly

[Download](#)

2 Extract the contents from the zipped plugin folder.

Copy the extracted contents into your Firefly Plugins folder.

On a default Firefly installation, this should be:
C:\Program Files (x86)\Firefly.NET\www\Plugins

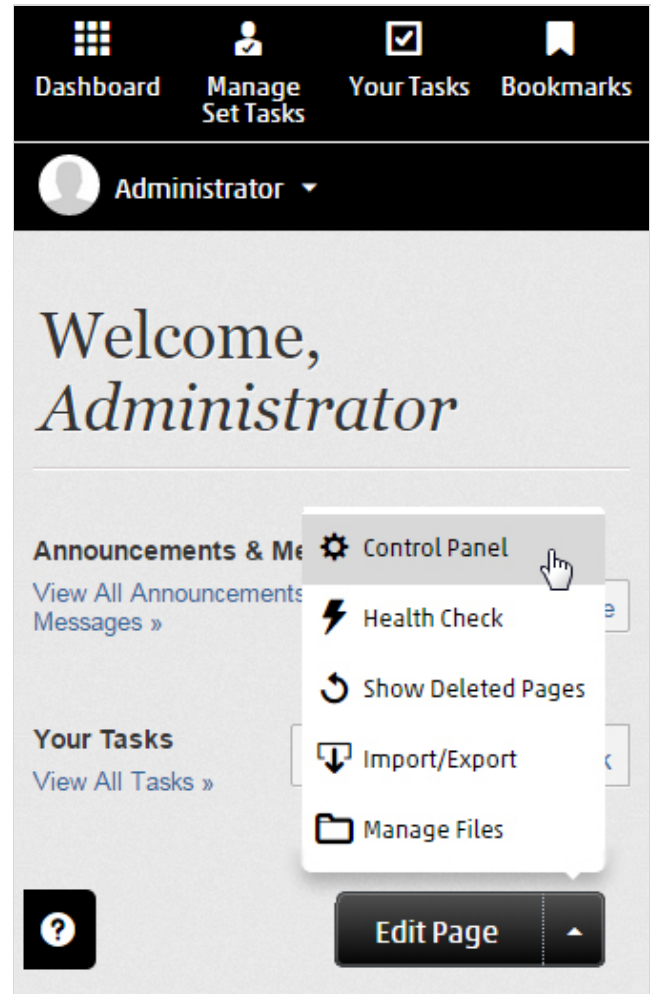

3

Log into Firefly with an Administrative account.

The screenshot shows the Firefly administrative dashboard for a user named 'Administrator'. The top navigation bar includes links for 'Dashboard', 'Manage Set Tasks', 'Your Tasks', and 'Bookmarks'. Below the navigation bar, the user's name 'Administrator' is displayed with a dropdown arrow. The main content area features a large 'Welcome, Administrator' message. Underneath, there are two sections: 'Announcements & Messages' with a 'View All Announcements & Messages »' link and a 'Send Message' button, and 'Your Tasks' with a 'View All Tasks »' link and an 'Add a Personal Task' button. At the bottom left, there is a help icon (question mark in a circle), and at the bottom right, there is an 'Edit Page' button with an upward arrow.

4

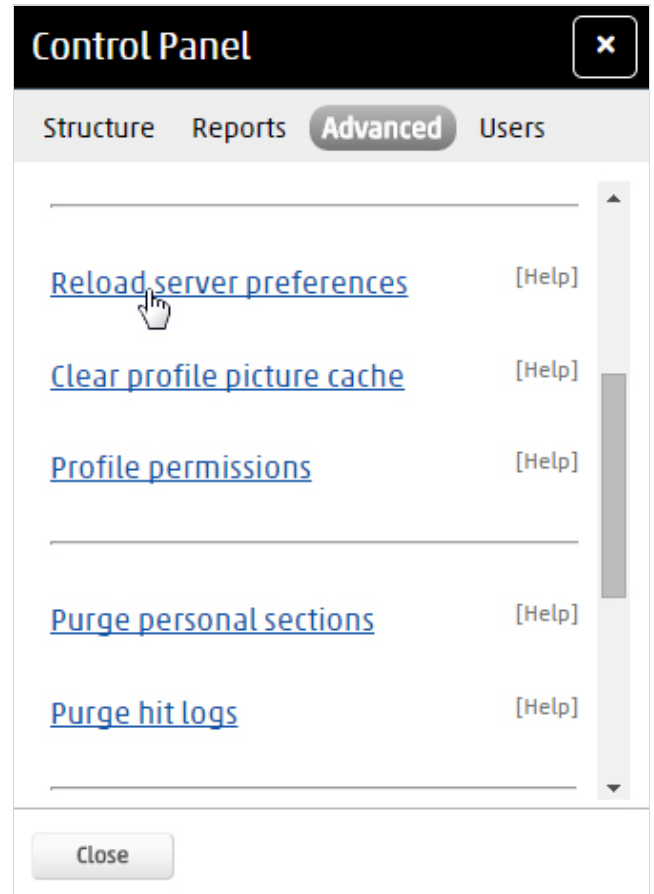

Select 'Control Panel' from the 'Edit Page' options.

5

Click on 'Reload server preferences' from within the 'Advanced' tab of the Control Panel.

Once the reload is complete, refresh your page.

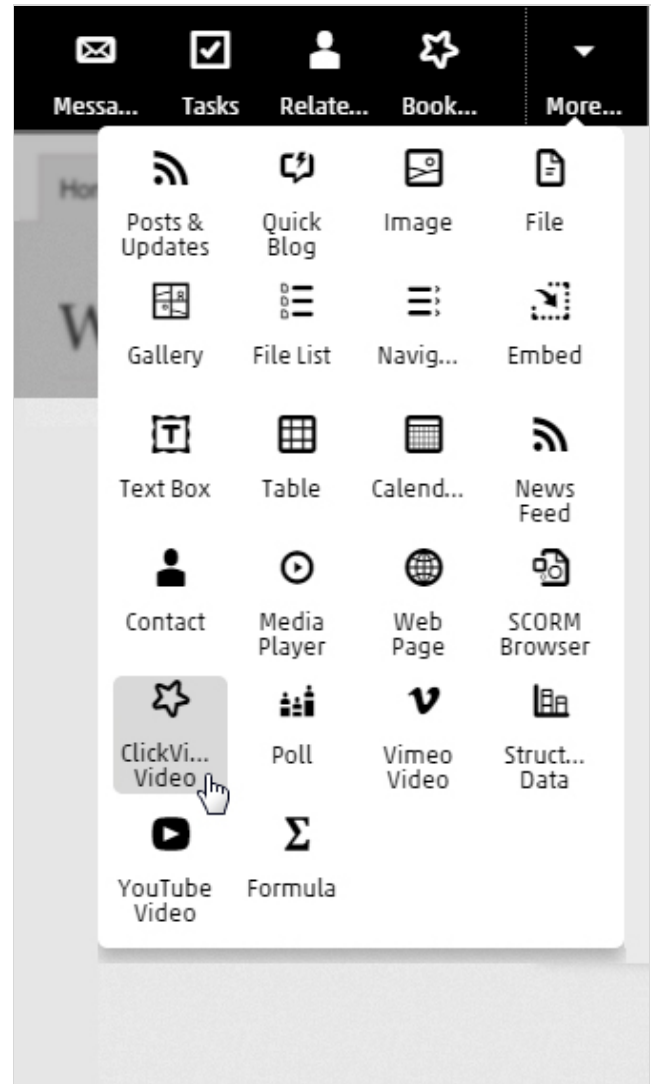

The screenshot shows a 'Control Panel' window with a dark header and a light gray body. The header contains the title 'Control Panel' and a close button (X). Below the header is a navigation bar with four tabs: 'Structure', 'Reports', 'Advanced' (which is selected and highlighted), and 'Users'. The main content area is a list of links, each with a '[Help]' link to its right. The links are: 'Reload server preferences', 'Clear profile picture cache', 'Profile permissions', 'Purge personal sections', and 'Purge hit logs'. A mouse cursor is pointing at the 'Reload server preferences' link. At the bottom of the panel is a 'Close' button.

Tab	Link	Help
Advanced	Reload server preferences	[Help]
Advanced	Clear profile picture cache	[Help]
Advanced	Profile permissions	[Help]
Advanced	Purge personal sections	[Help]
Advanced	Purge hit logs	[Help]

6

You should now see a 'ClickView Video' option if you click on 'Edit Page' and open the 'More...' dropdown.
