Selling Products Globally

Global brands – they might be the same wherever you go, or they might be different. They might also vary considerably in price and how they're positioned from country to country. Experts Kathleen Griffiths (RMIT) and Simon Kanat (Ted Baker Downunder) provide insights into different factors that determine products, their pricing and positioning in global markets.

Safety in the Domestic Kitchen

This update of our classic programme offers a light-hearted look at the potential hazards of the humble, domestic kitchen. Students will enjoy the dramatic scenes that illustrate the possibly dire consequences of handling kitchen equipment that could cause injuries. We review the major areas for consideration when assessing kitchen risks, and offer recommendations for best practice.
