

PSHE (Personal, Social, Health, and Economic Education)

Stills from our new series

Don't Be a Dummy

In this series, a dark and mysterious character, The Collector, sends his mannequins into the real world to face dire safety consequences. Fran, Francis, Sam and Samantha try to help, but fortunately...I mean – unfortunately...the mannequins seem destined to meet their demise.

Be Aware of Your Surroundings

This is a suspenseful tale about the consequences we face if we are not aware of our surroundings. Follow Billy's journey to school as his friends try to help, but Billy ultimately does not listen. Through Billy's misadventures, students will learn about the need to watch where you are walking, listen to the environment around you, follow road safety rules and keep track of your belongings.

Be Safe at Home

In this 'terrifying' tale, Billie mysteriously turns up at Sam and Samantha's house in the middle of a thunderstorm. Ignoring all the house rules their parents had put in place, Billie wreaks havoc before suddenly vanishing after answering a knock on the front door - disappearing just as mysteriously as she had arrived.

Look after Your Belongings

Follow Billie's tale of woe as she disregards the good advice of friends Sam and Samantha, who attempt in vain to teach her about taking responsibility for your own belongings. Students will learn about keeping valuable items safe and out of sight, and protecting personal information on their phones. Will Billie survive? Only time will tell...

Safe Travels

This is a dangerous description of the perils faced when we do not make wise decisions when traveling. Take the ominous short cut or the safe way home? Approach a stranger or stay safe with friends? Keep yourself safe or prioritise your belongings? Fran and Francis make all these decisions and more...and with each step, Billy seems to walk ever closer to his doom.

Savings and Investing

This programme teaches students about the definitions of, and need for, savings and investments. Reasons why people save are explored, as well as the concept of creating a savings plan. The programme explains a number of different investment options, outlining the positives and negatives of each. Students will learn about the need to plan for the future...and not to waste money on frivolous (and frightening) collections.
